Independent Auditors' Report

The Honorable Susan Combs
Texas Comptroller of Public Accounts:

We have audited the accompanying statement of fiduciary net assets of the Tobacco Settlement Permanent Trust Fund (the "Fund"), a private purpose trust fund of the state of Texas, as of December 31, 2010, and the related statement of changes in fiduciary net assets for the year then ended. These basic financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the basic financial statements present only the Tobacco Settlement Permanent Trust Fund and do not purport to, and do not, present fairly the financial position of the State of Texas as of December 31, 2010, and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Fund as of December 31, 2010 and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 2 through 9 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis

December 31, 2010

The Tobacco Settlement Permanent Trust Fund (the "Fund") management's discussion and analysis is designed to assist the reader in focusing on significant financial issues and provide a performance overview of the Fund's operations for the year ended December 31, 2010. Please read this analysis in conjunction with the basic financial statements which follow this section. The Texas Treasury Safekeeping Trust Company ("Texas Trust") administers and manages the assets of the Fund.

Financial Highlights

- The total net assets of the Fund increased \$155.41 million or 8.02% during the year 2010.
- The Fund provided \$46.15 million to political subdivisions for health care. This was one-half of the prior year's distribution.

Overview of the Basic Financial Statements and Condensed Financial Information

The discussion and analysis is an introduction to the Fund's basic financial statements. The Fund has only one fund and therefore the government-wide and fund financial statements are the same since the Fund reports all of its activity as a fiduciary fund, which uses the same measurement focus for all statements.

The Statement of Fiduciary Net Assets provides information about the nature and amounts of the Fund's cash, investments and receivables (assets), and their management fees (liabilities). The Statement of Changes in Fiduciary Net Assets reports the additions to, deductions from, and net increases or decreases in net assets.

This annual financial report consists of two parts:

- Management's discussion and analysis
- Basic financial statements
 - Statement of Fiduciary Net Assets
 - Statement of Changes in Fiduciary Net Assets
 - Notes to Basic Financial Statements

The Statement of Fiduciary Net Assets presents the financial position of the Fund at the end of the fiscal year and includes all assets and liabilities of the Fund. The difference between total assets and total liabilities equals the Fund's net assets. At December 31, 2010 and 2009, Net Assets was calculated as follows:

	<u>2010</u>	<u>2009</u>	<u>Amount of Increase (Decrease)</u>	<u>Percent Change</u>
Investments, at Fair Value	\$ 2,059,678,812	\$ 1,936,470,603	\$ 123,208,209	6.36%
Other Assets	35,568,123	6,787,821	28,780,302	424.00%
Total Assets	<u>2,095,246,935</u>	<u>1,943,258,424</u>	<u>151,988,511</u>	<u>7.82%</u>
Total Liabilities	<u>2,934,531</u>	<u>6,357,953</u>	<u>(3,423,422)</u>	<u>-53.84%</u>
Net Assets Held in Trust	<u>\$ 2,092,312,404</u>	<u>\$ 1,936,900,471</u>	<u>\$ 155,411,933</u>	<u>8.02%</u>

Management's Discussion and Analysis (Continued)

December 31, 2010

During the period, other assets increased by \$28.78 million dollars while total liabilities decreased by \$3.42 million. The increase in other assets is attributable to an increase in trades pending settlement of \$29.28 million with a slight decrease in interest and other receivables of \$500 thousand.

The Statement of Changes in Fiduciary Net Assets presents the activity within the Net Asset balance for the year ended. Significant activity accounts include net investment income and distributions to local governments. The change in net assets for the years ended December 31, 2010 and 2009 is as follows:

	<u>2010</u>	<u>2009</u>	<u>Amount of Increase (Decrease)</u>	<u>Percent Change</u>
Net Investment Income	\$ 207,430,588	\$ 283,511,894	\$ (76,081,306)	-26.84%
Distributions to Local Governments	46,151,923	92,303,845	(46,151,922)	-50.00%
Expenses	<u>5,866,732</u>	<u>5,377,152</u>	<u>489,580</u>	<u>9.10%</u>
Net Increase (Decrease) in Net Assets	155,411,933	185,830,897		
Net Assets Held in Trust, Beginning of Period	<u>1,936,900,471</u>	<u>1,751,069,574</u>		
Net Assets Held in Trust, End of Period	<u>\$ 2,092,312,404</u>	<u>\$ 1,936,900,471</u>		

Net Investment Income decreased by \$76.08 million compared to the previous year as a result of the lower investment returns earned by the Fund. During the year ended December 31, 2010, the total rate of return for the Fund was 10.35% while the total rate of return for the previous year was 14.99%. The total Fund outperformed its benchmark for the year by 0.51%. The absolute return portfolio was the primary driver of the outperformance as it beat its benchmark by 4.50%. At year end, the allocation to the absolute return portfolio was 22.15% compared to the target allocation of 20.00%, an overweight of 2.15%. Also contributing to the outperformance for the year was the Global Equity Portfolio which exceeded its benchmark by 1.67%. At year end the allocation to the Global Equity portfolio was 26.86% compared to its target allocation of 28.00%. The distributions to Local Governments decreased by 50.00%. Finally, the expenses of the Fund increased by \$490 thousand. These expenses represent the fees paid by the Fund to the Texas Trust which charges the Fund 0.30% of the net asset value of the Fund.

Asset Allocation

The Texas Trust completed its efforts to implement the asset allocation structure adopted on January 1, 2008. As shown in the chart entitled Phased-In Asset Allocation Targets, the portfolio's asset allocation structure consists of four macro strategy allocations; stable return (low beta), market return (beta), enhanced return and inflation protection (real assets). Stable return (low beta) assets are defined to be strategies that generate relatively consistent returns without dependency on the equity markets. The stable return strategy includes global fixed income and absolute return sub-allocations. Market return (beta) assets are public equities and asset classes that are highly correlated to global equity markets. The market return strategy includes global equity and hedged equity sub-allocations. Enhanced return strategies take advantage of the illiquidity premium and informational inefficient securities. The enhanced return strategy includes private equity and value added/opportunistic real estate sub-allocations. Inflation protection (real assets) serves primarily as inflation hedges and provides benefits of non-correlation. The inflation protected strategy includes stable value real assets, global inflation protected securities and commodities.

(1) Reporting Entity

The Tobacco Settlement Permanent Trust Fund (the “Fund”), was established under the authority of House Bill 1161 (the “Act”) enacted by the 76th Regular Session of the 1999 Texas Legislature. The purpose of the Fund is to collect monies from the tobacco companies, and distribute the funds to eligible local governmental units for reimbursement of previous healthcare costs associated with tobacco related illness. The Fund was organized on July 24, 1998, and commenced operations on December 31, 1998.

The Act establishes the Fund with the Texas Comptroller of Public Accounts (the “Comptroller”), who is required to administer and manage the assets of the Fund with the advice of, and in consultation with, the appointed Tobacco Settlement Permanent Trust Account Investment Advisory Committee (“Investment Advisory Committee”). The Comptroller is also required to make annual distributions to eligible governmental units and to prepare and distribute annual reports regarding the Fund’s assets and investments. The Investment Advisory Committee consists of 11 members from the largest governmental units affected by the Act. The Comptroller, with the advice of, and in consultation with, the Investment Advisory Committee, has developed an Investment Policy which guides the investments of the Fund.

The Act requires the Texas Department of Health to collect information regarding the amount of each governmental unit’s un-reimbursed health care expenditures, and to certify to the Comptroller the percentage payable from the Fund to each governmental unit.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The State of Texas reports the Fund as a private-purpose trust fund in its basic financial statements. Private-purpose trust funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the liability is incurred regardless of the time of the related cash flows.

(b) Restrictions

In accordance with the Act, the Fund is composed of money paid to the Fund in accordance with the Tobacco Settlement Agreement, assets purchased with that money, earnings of the Fund, and any other contributions made to the Fund. These amounts represent the corpus of the Fund and shall remain in the Fund and may not be distributed for any purpose that is not in accordance with the approved spending policy. The money and other assets contained in the Fund are not a part of the general funds of the State of Texas.

The Comptroller, with the advice and consultation of the Investment Advisory Committee, may use the earnings of the Fund for investment expense. Upon certification in accordance with the Health and Safety Code, Subchapter J, Chapter 12, the Comptroller shall make an annual distribution from the net earnings from the Fund, to each eligible political subdivision as provided in the agreement regarding disposition of settlement proceeds.

(c) Investments

Investments with a readily determinable fair value are reported at fair value based upon quoted market prices, or when quoted market prices are not readily determinable, estimated fair values based on market conditions and information provided by the investment administrators are used. For investments in limited partnerships where no readily determinable fair value exists, the fair value of the investment is based on the most recent capital account balance of each limited partnership as communicated by the investment administrator, adjusted for subsequent contributions, distributions, and withdrawals, or based upon their evaluation of estimated changes in values from the date of the most recent capital account balance. For investments in fund of hedge funds and direct investments in hedge funds, the fair value is based on net asset value information provided by the designated fund administrator. The Texas Treasury Safekeeping Trust Company ("Texas Trust") reviews fair values and makes adjustments as necessary based on their evaluation.

According to the Act, the Comptroller is to administer and manage the assets of the Fund using the specified fiduciary standard of care and with the advice of, and in consultation with, the Investment Advisory Committee. The Fund is authorized to invest its funds according to the approved Investment Policy. The type of investments allowed by the Investment Policy includes:

- Common stock
- Derivative securities
- Foreign currency forwards or futures contracts
- Unaffiliated liquid investment funds
- Commercial paper
- Negotiable certificates of deposit
- Bankers acceptances
- Repurchase agreements and reverse repurchase agreements
- Mortgage backed securities dollar rolls
- The universe of securities which are included in the Barclay's Global Aggregate Index
- The universe of securities which are included in the Barclay's Global High Yield Fixed Income Index
- Securities that qualify, when purchased, for inclusion in the Barclays Global Inflation Linked Index
- Floating rate securities
- Medium term notes issued by investment grade corporations
- Zero coupon bonds and stripped treasury and agency securities
- Structured notes and multi-family mortgage-backed securities
- Hedge funds
- Real estate
- Private equity

(2) Summary of Significant Accounting Policies (continued)

(e) *Income Tax*

The Fund is exempt from federal income tax on its operations in accordance with Internal Revenue Code Section 115.

(f) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ significantly from these estimates.

(3) Investments

The Fund reports investments at fair value on the balance sheet, and all investment income, including changes in the fair value of investments, are reported in the operating statement.

The Texas Trust administers and manages the assets of the Fund using the specified fiduciary standard of care and with the advice of, and in consultation with, the Investment Advisory Committee. The Fund is authorized to invest its funds according to the approved Investment Policy. The Fund's investments as of December 31, 2010 are as follows:

Credit Risk. Corporate obligations must be rated investment grade by at least one nationally recognized statistical rating organization (“NRSRO”) and not rated below investment grade by any NRSRO. Short-term securities must be rated in the highest rating category by an NRSRO. The average quality rating of the high-yield fixed income portfolio shall be B1/B+ or higher. All high-yield securities when purchased must be rated at least CCC. The following schedule lists Standard & Poor’s credit rating by investment type for the Fund. The high-yield securities not rated by Standard & Poor’s are rated Ba or B by Moody’s.

Investment Type	AAA	BBB	BB	B	CCC	Not Rated

Foreign Currency Risk: The Fund's investment policy does not limit investments in any single foreign currency. The Fund's exposure to foreign currency risk derives from its position in foreign currency-denominated investments in limited partnerships.

Currency	Investment type	Fair Value
European Euro	Limited Partnership	\$53,205,451

Treasury Pool

The Fund may participate in the Treasury Pool, which is an internal investment pool. The Comptroller maintains oversight responsibility for the Treasury Pool. This responsibility includes the ability to influence operations designation of management, and accountability for fiscal matters. The Treasury Pool operates in accordance with the Comptroller's Investment Policy. The Fund receives allocated earnings based on its percentage share of the Treasury Pool, but its overall value remains the same as the initial deposit into the Treasury Pool plus accrued income. The Fund was not invested in the Treasury Pool at December 31, 2010.

(4) Annual Distribution from the Fund

The Comptroller is required by Government Code, §403.1041, to administer the Tobacco Settlement Permanent Trust Account ("Trust Account") and manage the assets of the Trust Account with the advice of, and in consultation with, the Investment Advisory Committee. The Comptroller is also required to adopt rules necessary to implement the Comptroller's duties under Government Code, §403.1041, including rules distinguishing the net earnings of the Trust Account that may be distributed from earnings used for investment expenses and from the money and assets that are the corpus of the Trust Account.

A rule revision was adopted by the Comptroller with the advice and approval of the Investment Advisory Committee, and became effective for the actual distribution amount from the Fund for 2006 and for reserving an allocation for the distribution stabilization account ("DSA"), the calculations of which are based on these basic financial statements.

The 2009 calculated distribution amount under the rules was \$95,442,333. The board elected to distribute in April 2010 \$46,151,923, or one-half of the 2008 distribution of \$92,303,845. The distribution was funded from current earnings less investment expenses. The current balance in the DSA is \$43,958,555, which remained unchanged from the prior year.

The inflation adjusted corpus for the year ending December 31, 2010, was \$2,099,973,815. The Distribution was calculated based on the average market value of the Trust Account using the most recent twenty (20) calendar quarter-end market values of \$2,107,514,991. Based on these values, the maximum amount eligible for distribution in April 2011 under the rules is \$94,838,175. Because the net earnings are less than the calculated distribution amount, the distribution will be funded from the following sources, \$61,145,226 from current earnings less investment expenses and \$33,692,949 from the DSA.

(4) Annual Distribution from the Fund (continued)

If the maximum amount eligible is distributed, the total DSA reserve would be reduced to \$10,265,606. This reserve is intended to be used to facilitate the objectives of providing a predictable, stable stream of distributions over time and to ensure that the inflation-adjusted value of the distributions is maintained over the long-term.

(5) Related Parties

Prior to September 1, 2001, the Comptroller provided financial and staff support to conduct and administer the day-to-day operations of the Texas Trust, including the Fund. Those expenses were neither recorded nor allocated to the Fund's basic financial statements and were paid through the General Fund of the Comptroller's Office.

Beginning September 1, 2005, the contract and agreement between the Comptroller and the Texas Trust allows the Texas Trust to charge a flat fee of 30 basis points to recover all costs associated with the management of the Fund. The Fund was charged \$5,866,732 for the months of January 2010 through December 2010.
